Dearest Mother & Daddy:

Only Saturday A.M. a big box arrived from you - all unannounced. Since coming via Express & presumed it to be the box you wrote of sending either Express or "parcel freight". & soon learned differently. The children were precious & ran out-of-doors for me to look through to make sure & then & repacked & stowed it under Norman's bed until Christmas.

May the Lord bless you! Surely He does or you'd not be so used of Him.

We are quite well for which we are most grateful. All but Dorothy. She has not been so well & for two days' been bed-fast. We are encouraged to-day. The fever is less & so is the pain. Her condition is so like Alice's when a child. Roy is "supply-pastor" for the time at the Bentonville Church so can be home much more at present.
